

## SPEERS ARM C

By David Abad

### Description:

Ceiling lamp with two metal arms that come in textured matte black or white. These arms are combined with two sizes of articulated shades: L and S. The L shade is made in aluminum and available in solid textured matte white or black. The S shade is made in satin brass with a textured matte white finish on the outside, or in satin copper with a textured matte black finish on the outside. The Speers Arm C lamp is equipped with a high-luminance LED light source. It includes a glass lens that focuses the light and enhances its luminous efficiency.
